Description

Il Forno, please take all my money ☺ I absolutely love this restaurant. Very authentic, cozy, and they have large parking space. Most of Italian restaurant I've been to, very difficult to find parking so coming to Il Forno with car, is no problem! The price of dishes are really affordable, wide menu selection and the taste amazing. Love love their lasagna, pizza and tiramisu. I will definitely come again to try their steak and gnocchi. If you love wine, they have a really good wine list☺ and I see they have few private rooms for groups too. Highly recommended! 5 stars all day
